Girls in Aviation Day OVERVIEW

Since the very first **Women in Aviation International - Girls in Aviation Day** in 2015, the annual event has grown to host more than 20,000 attendees participating in over 100 events in 18 countries and is in its 9th year internationally.

Girls in Aviation Day was started by Women in Aviation International (WAI) which is a nonprofit organization dedicated to the encouragement and advancement of women in all aviation and aerospace career fields and interests. Our diverse membership includes astronauts, pilots, maintenance technicians, engineers, air traffic controllers, business owners, educators, journalists, flight attendants, students, air show performers, airport managers and many others.

The annual Girls in Aviation Day event has a targeted audience of girls ages 8-17 plus their families but is inclusive to community members.
