

## CAREERS is Seeking Internship Opportunities for Students

Chinook's Edge School Division has a continuing partnership with CAREERS, a non-profit organization that works with local employers to offer work integrated learning opportunities for youth. We help students explore and experience different occupations in various career pathways. Students can earn credits towards graduation, and if in a trade, can begin earning hours towards their apprenticeship.

### What are we looking for?

We have over 180 eager students looking for work integrated learning opportunities for summer 2024.

Students are seeking opportunities in:

- Vehicle/Motor Related Trades (heavy/ag equipment, auto service & auto body)
- Metal Trades (welder, industrial mechanic)
- Health (dental, pharmacy, nursing)
- Information Technology
- Agriculture (small/large animal intern)

### How do you get involved?

Connect with CAREERS today to find out more about these options!

- Offer a **paid** opportunity for a local high school student (minimum of 125 hours).
- Allow a student to job shadow your occupation/business
- Open your business to student and educator tours.
- Encourage other local businesses to hire students.

Positions can be flexible based on business need. WCB coverage is available through Alberta Education.

Building Skills and Shaping Dreams
