During our exams we hope to do everything we can to provide our students with what they need to do well on their exams, with as little stress as possible!

Ley-Anne Mountain from Naturally Nurtured will be visiting our school January 17th with her bunnies!

Ley-Anne and her bunnies are certified to help life's with stresses.

All time slots are booked, so students seem to be excited for this experience!

Did you clean out your closet after Christmas?

We would happily accept any donations you might have for our HAWK store!

They hope to open again during exam week!

Please bring any donations to the school office by Jan.17th!
