

## Landscape Horticulturist Apprenticeship

As an Apprentice Landscape Horticulturist you will be on target for a rewarding career as a Journeyperson Landscape Horticulturist.

Does the idea of earning while you learn sound good to you? This four year program consists of eight weeks each year of classroom instruction, and a minimum of 1,260 hours of on-the-job training per period of classroom instruction. You will receive hands-on experience ranging from botany, landscape design, operating machinery and basic surveying, irrigation, horticulture marketing and greenhouse production; gaining foundational knowledge in every part of the industry and the skills required to start out on your own.

### Accreditation

This is a Red Seal trade. Apprentices who have obtained Journeyperson certification are encouraged to write the national standard exam. The Red Seal, when affixed to a provincial or territorial trade certificate, indicates that a tradesperson has demonstrated the knowledge required for the national standard in that trade.

### Recommended Entrance

#### Requirements:

English 30-2

Math 30-3

Physics 20 OR

Chemistry 20 OR

Science 20

Approximately \$1,928.95 per term for tuition and fees.

### Career Opportunities

Landscape Horticulturists can find employment in a variety of industries that will take advantage of their expertise in ground and plant maintenance and landscape construction, including:

- Landscaping and landscape construction
