DIPLOMA OF Flight Attendant

Become work ready in one of the most exciting and rewarding industries.

About the Flight Attendant Program

The Flight Attendant Program at Canadian Aviation College is 54 weeks and is designed to prepare our students to become a flight attendant using an international concept.

Today's flight attendants are highly trained, highly skilled, and focus on safety as the core of their job function.

This is a University Pathway program, graduates can transfer credits to Yorkville University for Bachelor of Business Administration.

Learning Objectives/Outcomes:

Upon completion of this program the successful student will have developed various career-related skills, knowledge and behaviors to effectively perform a variety of functions required in providing passenger safety and services specific to the aviation industry.

Each student will have demonstrated the knowledge and skills in: world geography and cultures, basic knowledge of aviation theory, the roles and responsibilities of aviation related personnel, safety and emergency procedures, different aircraft types, various types of drills, aviation first aid, in-flight services and self-defense.

Career Opportunities:

Flight attendant for all air operators such as airlines, air taxis, charter flights, private flight operations.
